ABOUT THE CAPABILITY CATALOGUE

The Defence Teaming Centre Skills and Workforce Training Capability Catalogue is a listing of the capabilities, products and services of registered training providers qualified to skill the Defence industry in South Australia.

South Australia is indisputably Australia's "Defence State", it is the high-technology hub of the nation's Defence industry, home to regional headquarters and operations of some of the world's top Defence companies. The Defence Teaming Centre is the peak South Australian Defence Industry association with national capability. We assist our members, including Primes and SME's, to grow their business in South Australia, and will influence the national Defence Industry training agenda to their benefit.

The Defence Teaming Centre Skills and Workforce team delivers improved capability and opportunities for its members, facilitating engagement with registered training organisations, developing innovative strategies to extend the industry capability through development of a highly skilled workforce.

Through the Skills and Workforce Training Capability Catalogue we aim to provide industry with a reference to training providers that are currently training the defence industry. Training providers that have the ability to develop a highly skilled workforce to strengthen and grow the industry and provide opportunities for companies to fulfill skill requirements when bidding for Defence contracts.

Defence Teaming Centre Inc
The defence industry association of South Australia
Relevant, Responsive and Reliable

DEFENCE TEAMING CENTRE

PROFILE

The Defence Teaming Centre is South Australia's peak defence industry association and is nationally and internationally recognised as being relevant, responsive and reliable to Defence and National Security related industries.

The Defence Teaming Centre responds to Defence workforce development needs and can assist with identifying employment opportunities within South Australian defence companies.

With our specialist resources, expertise and wide network of contacts, the Teaming Centre is ideally positioned to carefully monitor workforce trends, develop management strategies and identify training opportunity for member companies.

CAPABILITIES

For companies interested in the Defence industry, we provide market intelligence, networking within industry, opportunity updates and induction into an industry. The Defence Teaming Centre works with its members to provide industry leadership and business development to assist companies in their defence endeavours and promote collaboration to build the State's Defence capability, attracting and retaining more work for South Australian companies.

Our members consist of Prime Defence contractors and small and medium enterprises, which offer a range of Defence products and services which support Australia's Defence capabilities.

With South Australia distinguished as the 'Defence State', the growth in the state due to projects such as the Air Warfare Destroyer and 7RAR Battalion relocation, provide ample opportunities for companies to prosper in a stable market which has become the hub of the State's capability.

ADELAIDE TRAINING AND EMPLOYMENT CENTRE

PROFILE

Adelaide Training & Employment Centre was established by the Commonwealth and South Australian Governments and Industry in 1989. ATEC is a bipartite incorporated organisation, and is a not for profit training provider. ATEC is made up of five separate yet complementary business units which aid in achieving the company's mission. Our expertise covers the training of apprentices and specialised training for industry, school students, school leavers and the unemployed. Our training covers a broad range of qualifications and courses across mechanical, fabrication, engineering production, general construction, electrical, business and retail areas and aged care. ATEC will actively contribute to the growth of employment and development of skills within the community through the provision of quality recruitment and training services. Our commitment is to provide an efficient, high quality service to all of our customers, employers, students and jobseekers.

CAPABILITIES

ATEC encompasses four divisions that aim to service the company's goal of contributing to the growth of employment and the development of skills within the community through the provision of quality recruitment and training services.

These divisions incorporate a Registered Training Organisation, an Australian Apprenticeships Centre, Group Training Organisation and more recently a recruiting division named ATEC Recruitment Solutions.

ACTION WORKFORCE & ASHLEY INSTITUTE OF TRAINING

PROFILE

Wholly Australian owned and operated, the Action Workforce Group commenced operations in Sydney in 1968. In the 42 years since, the Action Workforce Group has expanded to become a major supplier of a full range of recruitment services throughout Australia.

Our group of companies are Action Workforce Pty Ltd, Vocational Training Australia (RTO ID 90804), Ashley Institute of Training (RTO ID 20749), and Blackadder Executive.

We pride ourselves on our ability to build mutually beneficial relationships with our clients & exceed expectations.

Action Workforce Group is also proud to be finalising our certification for AS/NZS ISO 14001 Environmental Management Systems.

CAPABILITIES

We strive to maintain a price competitive and efficient recruitment service to enable our client's to build a cost effective team. To this end we have built within our supply system access to Federal Funding and Nationally Accredited Training capabilities. By utilising our close relationships, mutual trust and open communication with our clients, we remain on the alert to offer innovative and flexible solutions to any labour / human resource problem encountered

Ashley Institute of Training Pty Ltd, is a National Registered Training Organisation. Our primary goal is to assist employees to successfully complete their training and in the process, help develop more skilled and motivated employees.

Flexibility and an understanding of our client's needs are key features of our training programs.

Institute of
Management
SOUTH AUSTRALIA

AUSTRALIAN INSTITUTE OF MANAGEMENT SA

PROFILE

Since 1944, Australia's premier professional body for managers, the Australian Institute of Management (AIM) SA has been facilitating management and leadership excellence by promoting, supporting and developing the profession of management.

AIM SA is best known as being SA's largest private provider of management and leadership training, with training programs ranging from half-day sessions through to an MBA. AIM SA prides itself on training programs that are relevant, flexible, practical and leading edge.

The Centre for Management Development at Hindmarsh acts as the hub for AIM SA's education and training programs and membership activities. The purpose-built facility is arguably Adelaide's leading business venue, boasting all the modern conveniences, full kitchen, Executive Chef, a technology hub, board room, training rooms and meeting rooms – all available for hire by the business community.

CAPABILITIES

AIM SA provides both nationally accredited and non-accredited courses for small and large businesses, across sectors. With a large array of clients – and a long standing, enviable reputation, AIM SA offers qualifications and courses in the widest range of business disciplines.

AIM SA is very proud of its strong involvement in the Defence sector, with project management qualifications being one of their most popular offerings.

All AIM SA courses are offered through their open program schedule, or can be customised and delivered on site to your organisation to address specific cultural, organisational or industry issues.

In addition, AIM SA proudly boasts a Graduate School of Business with qualifications ranging from Graduate Certificates in Management, Graduate Diplomas in Management and a leading MBA program.

PROFILE

Leadership Management Australia has been at the forefront of people development in Australia for over thirty years providing our clients with unique people solutions.

Through challenging and developing our participant's confidence and competence, the LMA development process offers a unique experience that guarantees measurable increases in performance and productivity. We develop strong long-term client relationships characterised by mutual respect and strong loyalty. At every level of our company, we are committed to deliver authentic value by contributing to our client's bottom line. In collaboration, we identify people development gaps, clarify their needs and deliver the solutions that enhance professional and personal outcomes.

Our clients range from small and medium sized organisations through to major corporations and Government Departments. We believe clients should be able to measure the results achieved and identify the Return on Investment in their people.

CAPABILITIES

Our AQTF nationally accredited programs include:

- Diploma of Management (BSB51107)
- Cert IV in Frontline Management (BSB40807)
- Cert III in Frontline Management (BSB31207)
- Cert IV in Competitive Manufacturing (MSA41108)
- Cert III in Competitive Manufacturing (MSA31108)
- Cert III in Process Manufacturing (MSA30107)

Other accredited programs cover **Productivity and Performance, Communications, Sales, and Team Dynamics**. Non-accredited programs are available.

We deliver consistent and uniform results throughout Australia and New Zealand. We facilitate 'open' and 'in-house' experiential development programs to:-

- ensure immediate and ongoing application of the program principles in the workplace through LMA's course coaching process;
- achieve increased personal & team productivity focused on meeting organisational objectives;
- utilize workplace mentors to support and encourage sustainable learning outcomes; and
- empower participants to sustainably develop themselves and others for success.

NORGROVE TRAINING

PROFILE

Norgrove Training is a nationally approved Registered Training Organisation established in 2002 and based in Kent Town. We train primarily in management packages, including Frontline Management, Training & Assessment, Occupational Health & Safety, Business and Human Resources at the Certificate IV level, and the Diploma of Management. We constantly achieve a 90% completion rate for students and a 95% satisfaction rating from employers.

Workshops are the core of our programs because we believe they provide opportunity for active and experiential learning and exploration of real life problems within the training context.

We also provide flexible delivery options including distance and self paced learning.

During workshops our experienced trainers can adapt concepts to the context of the learner and also respond to the learners' questions and concerns.

CAPABILITIES

- Wide range Certificate II, III, IV & Diploma courses available
- Develop specific training activities, courses and events to meet the clients' needs
- OHS Safety Audits
- Organisation Review
- Team Review and development
- Organisational Development
- Succession Planning
- Career Transition Support
- Conduct Exit Interviews
- Developing Policies and Procedures
- Training Needs Analysis

kneedeep KNEEDEEP

PROFILE

KneeDeep was established in 2000 and is a business consultancy and RTO, specialising in project management, change management, leadership and team development.

Our vision is to be known as a company that makes a difference in how people approach their work, from both leadership and management perspectives. We strongly believe in engaging with people to bring about long-term change and growth.

We offer action-based training programs and workshops, which are practical, challenging, active and fun. All KneeDeep's programs have a strong interactive flavour, with much of the content being delivered through targeted activities and experiences.

We're not afraid to go a bit deeper. We're personal, practical and process driven. We get excited by empowering others to grow, both personally and professionally.

CAPABILITIES

KneeDeep has expertise in designing and delivering Project Management, Leadership and Management programs across a wide range of industry sectors and levels. We provide consultancy in Change Management and Project Management across all levels, from strategic to operational.

Individual coaching and mentoring sessions form an integral component of KneeDeep training programs, assisting our students to consolidate their learning processes and achieve their qualifications.

Our Diploma of Project Leadership holistically combines the Diplomas of Management and Project Management to equip Project Managers with the key skills to lead their teams to success.

Our formal accredited programs include Frontline Management, Business, Management and Project Management at both Certificate IV and Diploma levels.
